EnviroMission Signs Faithful+Gould to Arizona Solar Tower Team

[EnviroMission Limited \(OTCQX: EVOMY\)](#) EnviroMission has signed leading US construction consultancy, Faithful+Gould, in Phoenix, to provide local project management and integrated commercial services for the delivery of EnviroMission's 200 MW Solar Tower development in Arizona.

The appointment of Faithful+Gould in the US will support EnviroMission's executive project manager, Arup in Australia, with local expertise and on the ground presence in Phoenix.

Faithful+Gould is a construction consultant and one of the world's leading total solutions providers for the built environment. For more than 60 years, the company has provided [project management](#) and [cost management](#) services on construction and engineering projects across the globe. Headquartered in New York City, Faithful+Gould employs more than 500 specialist staff in 20 cities throughout the U.S. Overall, the company has 2,000 employees located in [Asia Pacific](#), [Europe](#), the [Middle East and India](#), the [United Kingdom](#), and the [United States](#) with a revenue in excess of \$320 million

EnviroMission has a Power Purchase Agreement to sell 200MW of clean solar powered electricity from the first of two Solar Tower developments in Arizona to the Southern California Public Power Authority ("SCPPA").

EnviroMission's first 200MW solar powered power station will have the capacity to supply clean renewable energy to more than 100,000 typical US households with electricity generated with zero emissions and without water.

"Faithful+Gould is delighted to support EnviroMission in delivering this iconic project in Arizona.

"The Solar Tower is a fabulous example of innovation driving sustainable solutions in the Energy marketplace and is a perfect match with Faithful+Gould's deep rooted passion for sustainability in design.

"By combining our local expertise with our worldwide reach, we are able to provide unrivaled commercial management and project management services across the globe to support this project," Mr. Adrian Smith, technical director at Faithful+Gould said in support of the agreement.

Mr. Roger Davey, EnviroMission Chief Executive, said "Faithful+Gould will provide vital local expertise and services for Solar Tower development that will meet the terms of delivery of EnviroMission's power purchase agreement with the Southern California Public Power Authority."
